

Sunflower

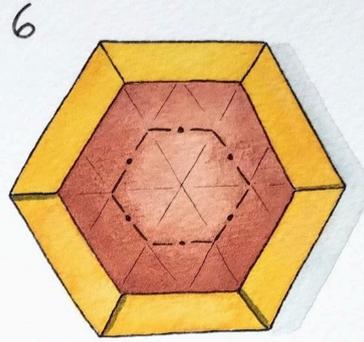

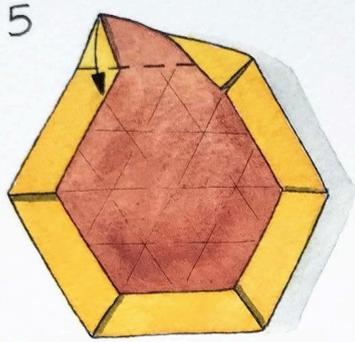

Paper : Duocolor
20 cm / 8 inches

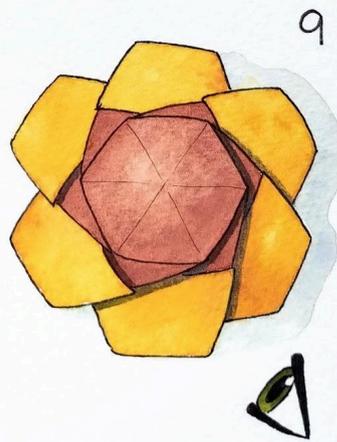

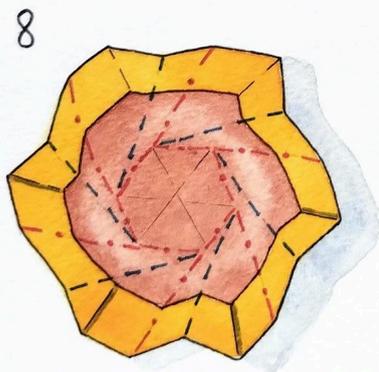

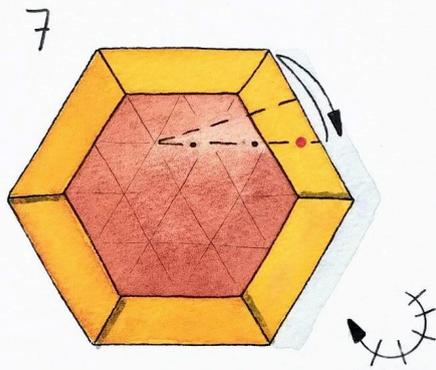

Start with a grid of 8.

Lift the first layer in order to fold the last one.

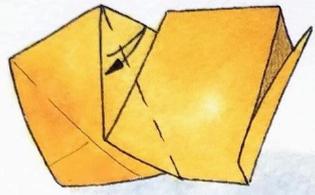

Crease the inner hexagon.

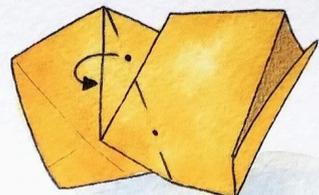

Collapse keeping the inner hexagon convex.

10

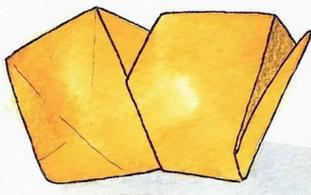

This is a precrease.
You can skip this valley if you wish.

11

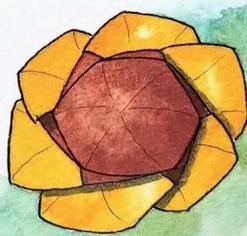

Lock the petal.

12

10-11

Push the back of the core, leaving it chubby.
Shape the flower.

13
