1 Fold to waterbomb base.

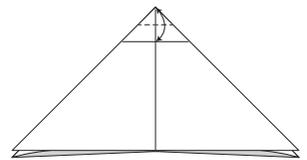

2 Pinch at 1/2.

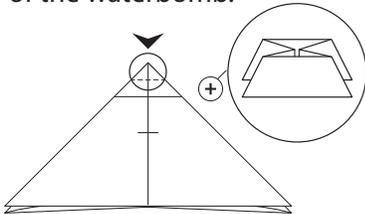

3 Fold at 1/4.

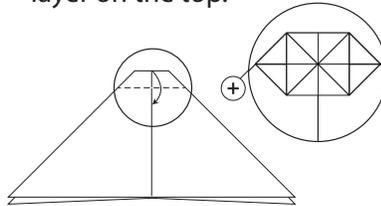

4 Valley fold at 1/8 and add crease at 1/4.

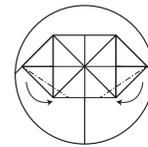

6 Open sink the top of the waterbomb.

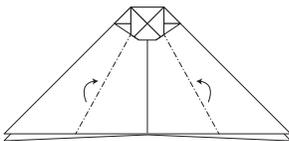

7 Valley fold the front layer on the top.

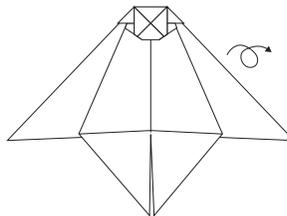

8 Mountain fold the down edges.

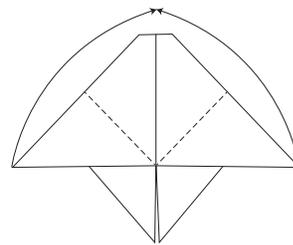

9 Mountain fold the two front big side layers to the central crease.

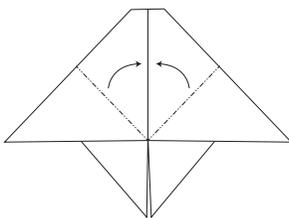

10 Turn the paper.

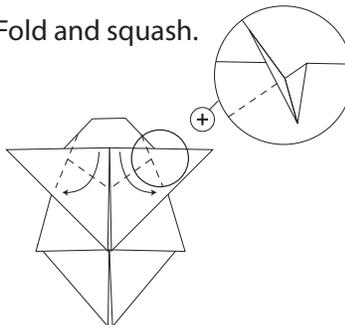

11 Fold and unfold both sides to the central crease.

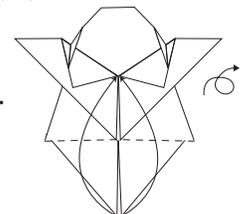

12 Fold to the central crease.

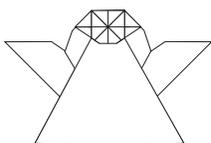

13 Fold and squash.

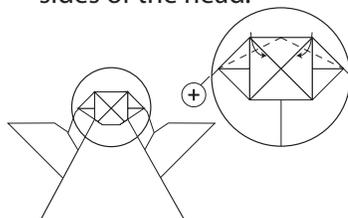

14 Fold both bottom triangles to create a stand. For a flat model, fold and tuck between the layers of the wings. Then turn the paper.

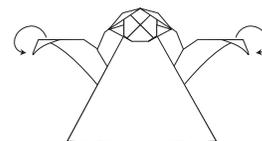

15 Zoom on the top.

16 Bias fold both upper sides of the head.

17 Curve the wings to the front.

Variation: Just a fairy

Fold to step 17. Round the wings. Then zigzag the flaps and tuck inside to create legs.
